

Subject	ESAL 0450-01		
Topic	Discussion and debate		
Lesson Title	Transportation		
Level	Intermediate	Duration	50min

Lesson Objective:

Students will be able to describe different forms of transportation.

- Ss will describe forms of public transportation
- Ss will describe forms of transportation local to their hometown/country

Ss will be discussing the pros and cons of public transportation in Kamloops e.g.

- Reliability
- Comfort
- Convenience

Ss groups (>2) will be able to brainstorm and discuss 5 potential tips to improve Kamloops's local public transportation

Summary of Tasks

Do you prefer to commute by car or use public transportation? What types of transportation is used in your home country (Rickshaw, modified cabs, buses, etc) (10min)

Vocab (2min)

Ss groups will pretend to be the local city council. They, as a group will need to come up with at least 5 tips, strategies, or ideas to improve the cities transit system. Use of internet is allowed. (10min)

Groups will present findings to class. Class is encouraged to ask questions (7-8min each)

Feedback (2min)
